

MASTER® & MASTER® CORDLESS ADJUSTABLE BLADE SERIES

Outfitting your Master or Master Cordless clipper has never been easier! Explore our complete lineup of adjustable Master blades for a full range of cut lengths - from Fade to Phat and everything in-between - for creating the perfect groom every time.

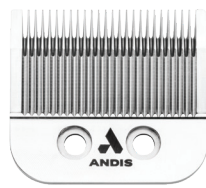

Fade

00000-000

Phaze

0000 - 0A

Taper

000 - 1

Phat

1A - 2

CHOOSE YOUR CUTTER

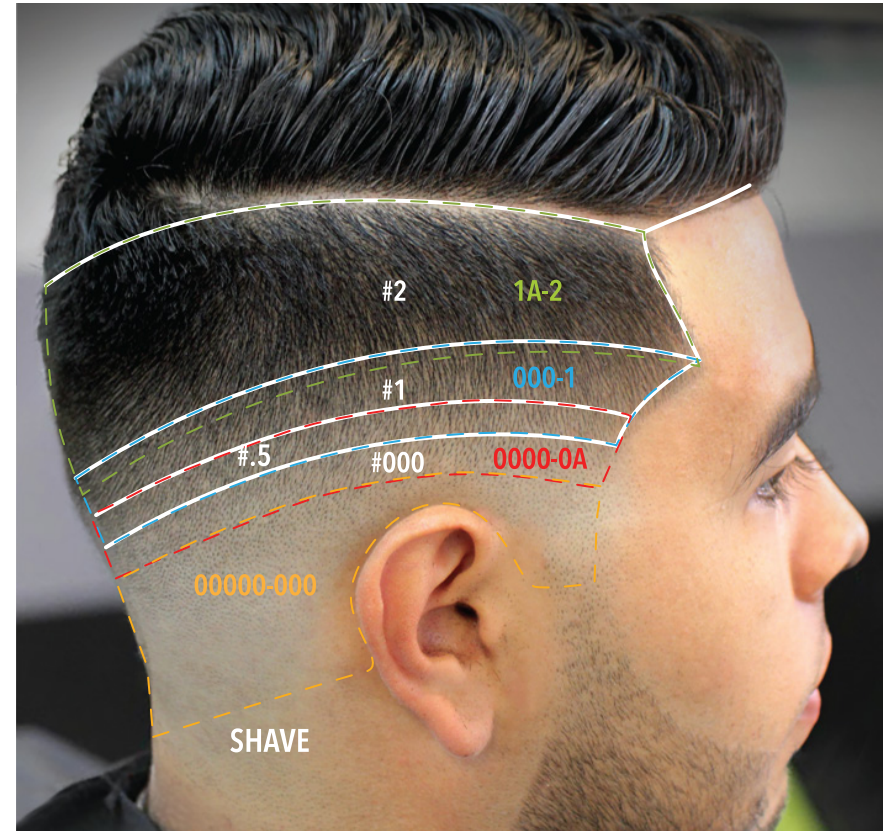

22-Tooth Cutter

Best for: All-around cutting. The 22-tooth count provides just enough tension on the hair to provide control as it feeds through the blades.

28-Tooth Cutter

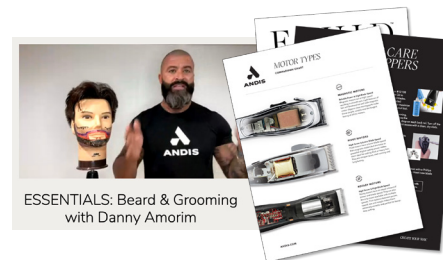

Best for: Cutting closer to the skin. The 28-tooth count provides tighter tension on the hair, giving maximum control as it feeds through the blades.

ANDIS EDUCATION

LEARN. CONNECT. GROW.

Andis recognizes that creators need a place to come together to learn new skills, get tips and find inspiration that they can bring back to their clients, and our Education Site empowers you to have access to new content from virtually anywhere. Discover how to take your skills to the next level with world-class education and tools from Andis. Our robust selection has what you need to guide you on your journey to career success.

MASTER® CLIPPER BLADE GUIDE

ANDIS.COM

Fade

00000-000

Skin fades, balding out, closest cutting blade

Phaze

0000 - 0A

Softer fades and smoother blends, falls between a fade and taper

Taper

000 - 1

Longer fades and tapers, perfect for all skill levels

Phat

1A - 2

Removing bulk, blending and tapers for longer hair styles, reduced need for attachment combs
